- a. Next meeting July 22, 2025 1000

## Action Plan

Objective action is tied to (see our Objectives)	Action	Who?	Resources needed	Progress (0-5 where 5 is complete)	Completion date goal	Evidence of action

### Objectives:

1. Increase mental health supports by addressing the needs iterated by service members, veterans and their families (SMVF)
2. Decrease social isolation for service members, veterans, and their families (SMVF)
3. Meet with stakeholders one time per month
4. Hold at least two events to raise awareness about veteran suicide or needs
5. Conduct a Strengths, Weaknesses, Opportunities, and Threats (SWOT) analysis per year. Review annually.
6. Conduct at least four trainings per year to include suicide prevention, military culture, PTSD, Ask The Question or any pertinent SMVF training, to stakeholders
7. Facilitator of the coalition to attend statewide coalition member meeting
8. Constantly receive input and assess needs all year round. With at least one formal needs assessment to be done in a manner which is deemed viable. Activities, capacity, and objectives will be adjusted as necessary

**What is AgeWellNH?** AgeWellNH is an initiative led by the New Hampshire State Commission on Aging to get public input on the question of,

### **What will make New NH an even better place to live while aging?**

Your input will serve as the foundation of plan - a 10-year aspiration vision for change – called the AgeWellNH Plan.

**AgeWellNH** is a state initiative led by the NH State Commission on Aging.. We are gathering feedback to build a better future for all people in our state. In 2026, the Commission will create the AgeWellNH Plan, **AgeWellNH** is a state initiative led by the NH State Commission on Aging.. We are gathering feedback to build a better future for all people in our state. In 2026, the Commission will create the AgeWellNH Plan, a 10-year blueprint to define how we build environments that value every person through a long life. AgeWellNH is working alongside Gov. Ayotte. The initiative is a part of a national movement, Multi-Sector Plan for Aging, to ensure that all have opportunities, care and services to age with health and dignity.

**Why Do We Need this Plan Now?** People are living longer, healthier lives with more productive years. New Hampshire is undergoing a rapid, permanent shift to an older population. This change creates a need to set a direction for government, private, and nonprofit sectors to transform norms, systems, programs, and services to support aging.

Share of the population 65+ will grow dramatically

People Aged 65+ → NH 2020 Census 19% → NH 2030 Projections 27%

NH Dept of Business & Economic Affairs Population Projections 2020-2050

By 2040:

Age 65+ residents ↑ 129%

Age 85+ residents ↑ 243%

[Aging Population | NH Issue Brief – Citizens Count](#)

### **We Need Your Yankee Ingenuity -**

#### **In reflecting on long life, what resources / needs exists around:**

- Healthcare
- Fitness & Wellness
- Social connectivity with friends and family
- Help living independently
- Housing
- Transportation
- Support with daily activities
- Workforce
- Caregiver support
- Income / Paying bills
- Long Term Services

### **Who is the NH State Commission on Aging?**

The NH State Legislature created the Commission to advise both the Governor and members of the legislature on issues related to aging. The Commission strives to be a resource and a partner with government, private sector, and others in pursuit of the common good. Our 26 members represent all corners of the state and a range of interests and expertise around older adults

## AgeWellNH—Creating a Longevity Ready New Hampshire

### Looking to the future:

- What are the needs of today's older adults going to be in 10 years?
- How will these changes affect families, housing, income?
- What can communities do to plan for and address these changes today?
- What should individuals of all ages do to be prepared for longevity?

### State Strengths

- We are the 4<sup>th</sup> Healthiest State for older adults in the U.S.
  - NH has among the 2<sup>nd</sup> and 3<sup>rd</sup> lowest levels of poverty and food insecurity, respectively, in the U.S.
  - Life Expectancy is 2 years longer than the national average.
  - We have a high level of social engagement among older adults, a positive health indicator.
  - NH has the highest rate of older adults with internet access in the U.S.
- People aged 50+ contributed \$333 million in volunteering.

**Talk to your legislator.** To find out who your legislator is use these links:

- **State Senator:** [www.gencourt.state.nh.us/senate/members/wml.aspx](http://www.gencourt.state.nh.us/senate/members/wml.aspx)
